persons with disabilities; please
call in advance for arrangements.*

Estate Planning Fundamentals and Lab

Please join us at the first of a new series of continuing legal education programs organized as practicum. This is a great way for attorneys who are interested in volunteering with the Senior Law Project or another organization offering pro bono estate planning services to gain exposure to basic estate planning issues and to begin compiling estate planning forms.

Presented in two parts, experienced estate planners **John Christianson** and **William Glasson** will first present a 1.5 hour CLE on the basic information and tips attorneys should consider when beginning an estate planning practice.

After a brief break following the CLE, registrants of the lab portion of the practicum will have a chance to test what they learned in the CLE. Attendees of the lab will receive a packet of estate planning forms, a page of hypothetical situations framing important estate planning issues, and be paired with experienced estate planning attorneys who will act as both mentor and client as the attendees work through the provided materials.

Appetizers provided; cash bar. After the program, you are invited to mingle with the mentors, presenters and attendees.

Space is limited to 50 attendees for the CLE and 30 attendees for the lab, so register early!

For more information: Call the MBA at 503.222.3275.
